**Melrose Center**

For more than 35 years, Melrose Center has helped treat and heal patients of all ages and genders struggling with eating disorders. Diagnoses include: Anorexia Nervosa, Bulimia Nervosa, Binge Eating Disorder, and Avoidant / Restrictive Food Intake Disorder. Our individualized and evidence-based treatment uses a multidisciplinary approach that includes medical, nutritional, and psychological care through outpatient and residential programs. Physical therapists and exercise specialists support athletes to develop balance in their workouts and sport. To learn more about our care and services at our 5 metro locations, visit [www.melroseheals.com](http://www.melroseheals.com).
